

DESIGN AN AD CONTEST | GRADES 2-6

WHEN DESIGNING YOUR AD:

- 1 Submit only one ad, designed in color, and using the proper orientation. Do not turn your layout sheet sideways.
- 2 You may **ONLY** use the computer for all ad text. **Artwork and logos must be hand-drawn.** Entries may be cut and pasted into ad space.
- 3 Use **markers** to make your ad vibrant, and **outline** your artwork with a felt tip or ball point pen to make it pop! Keep in mind, **dark colors** are preferred for print, and light colors like yellow and lime green may not reproduce well.
- 4 Create a **clean, uncluttered** ad and submit the **original**. Be sure to erase any pencil marks. No photocopies will be accepted.
- 5 ALWAYS **check your spelling** and make sure the information in the ad is **correct!** Even the most beautiful, eye-catching advertisement isn't effective if it has the wrong phone number or website listed.
- 6 Have fun, be **creative**, and good luck!
